CHABLIS PREMIER CRU « MONTEE DE TONNERRE »

The Chablis Premier Cru « Montée de Tonnerre » is particularly representative of the Chablis vineyard. The Domain farms two hectares in this climate.

The Chablis Premier Cru « Montée de Tonnerre » is one of the most famous of the Chablis vineyard.

It is located like the Premier Cru Fourchaume on each side of the Grands Crus.

The origin of the name « Montée de Tonnerre » certainly goes back very far in time. Before the construction of the existing main-road from Auxerre to Tonnerre, crossing Chablis, there was only a by-road climbing the hill.

At the east exit of Chablis, the slope was particularly steep and it was too difficult for the horses of the coach to climb it, so that the passengers had to come down of the coach and push it to help the horses.

This slope on the way to Tonnerre has given its name to the climate located on its both sides, Chablis Premier Cru Montée de Tonnerre.

This climate is exposed south-west and the nature of the soil gives it a good mineral character and a quickness typical of the Chablis, with a touch of gunflint.

The Chablis Premier Cru Montée de Tonnerre goes very well with shellfish in general and oysters in particular.

The Montée de Tonnerre 2022 is intense, well balanced with a lot of richness. It is a fresh wine, fine, long in mouth with a good body and very typical of Chablis.
