**CHABLIS PREMIER CRU  
« FOURCHAUME »**

With 18 hectares planted in the appellation Chablis Premier Cru Fourchaume, DURUP estate is the major producer of this appellation.

The Chablis 1er Cru Fourchaume vineyard is mainly found in the commune of Maligny and located in well-known places such as l'Ardillier, la Grande Côte, Bois Seguin and l'Homme Mort.

The exposition is West-oriented. However, some parcels are looking to the South and are generally located in small valleys with a microclimate allowing the concentration and the richness.

The wine produced in this appellation is certainly the rounder of all the 1er crus produced in the Chablis vineyard. It also has a good structure typical of the Premiers Crus.

The Chablis Premier Cru Fourchaume is the most famous and the most commercial one of the Premiers Crus of Chablis, due first to its surface (130 hectares among the 850 hectares of Premiers Crus) and second to its proximity to Grands Cru vineyards.

This Chablis Premier Cru provides the perfect match to fishes served with white butter or with cream.

The good weather conditions during the summer 2022 enabled the production of a great vintage. The Fourchaume 2022 is well balanced, rich, generous, and opens on white floral flavours. The most experienced wine amateurs will appreciate this wine.
