### CHABLIS PREMIER CRU « VAU DE VEY »

« Vau de Vey » represents a very beautiful valley of the vineyard of Chablis, located in the commune of Beines, formerly planted with vines and which had been abandoned after the phylloxera. This premier cru has always

been very difficult to farm due to the declivity of the slopes found there.

The site is exposed South-South-East. The 200-meters long slope may reach a gradient of 45 even 50 %.

The soil is very poor and roots must penetrate deeply in the subsoils to find some water.

A draining system has been installed to avoid serious problems of erosion.

Jean Durup & Fils is the major owner in the climate « Vau de Vey », with about 15 hectares in production.

The particular soil produces a typical Chablis Premier Cru with a mineral, lemony and also round and fruity character. The wine is very elegant.

Chablis Premier Cru Vau de Vey provides a perfect accompaniment to grilled fishes.

2022 vintage is complex, agreeable, rich, generous, intense and opens on mineral and fruity flavours.
