-CHABLIS-

The appellation "Chablis" stretches over more than 140 hectares on the total DURUP vineyard.

With an average age of 30 years, the DURUP vineyard is located on the best slopes surrounding the valley of the Serein.

Half of the production in this appellation is located in the village of Maligny. It stretches also over Villy,

Chablis and Beines, on hillsides particularly well exposed, South and West.

The Chablis is made in vats of glass or stainless steel. Oak is not traditional of DURUP estate.

The vinification is made in a way to keep the natural character of the wine and of the soil.

The Chablis is a clear, fresh, light, generous, well balanced with fruit flavors as well as mineral character and a lot of finesse.

It pairs well with all kind of fishes, shellfishes as well as goat cheeses and cooked pressed cheeses.

The Chablis 2022 vintage is very well balanced, it has a beautiful intensity. It is a wine which is pleasant, rich and typical of the vineyard of Chablis.
